Product Description

Manual Hand Press Juicer Squeezer

Hand Press Juicer Squeezer is a manual juicer that is used to extract juice from fruits and vegetables. It is a simple and easy-to-use device that can be used to make fresh juice at home. The juicer is made of high-quality stainless steel and has a hand-operated lever that is used to press the fruit against a mesh filter. The juice is then collected in a glass or other container. This juicer is ideal for making fresh juice from oranges, lemons, limes, and other citrus fruits. It is also suitable for juicing other fruits and vegetables like apples, pears, and carrots. The juicer is easy to clean and maintain, and it is a great addition to any kitchen.
