Streetwise Super Door Stop Alarm

SKU: 21.01.DTA

Price: ~~750.00~~ 470.00

Product Description

Streetwise Super Door Stop Alarm

Window or door alarms are two effective home burglar alarms you can get. Here are two of our best alarms. The first is the slide away alarm that is activated if a door or window is disturbed. It uses magnetic affinity to initiate the alarm. Once that contact is broken the Slide Away Alarm is triggered-a 110 dB alarm siren. The second most popular is the super doorstop alarm. It is a wedge-shape that blocks the door entry. When someone tries to force their way in a movement sensor on the top of the wedge activates a 125-dB alarm.
